

CONDITIONS OF APPROVAL

(Additional Information Sheet)

**APPROVAL CONDITIONS FOR THE PROPOSED LANDFILL AND WASTE
COMPOSTING PLANT**

The approval of Environmental Impact Assessment is granted on
condition that Kabale Municipal Council shall:

- (i) fulfill the legal requirement for zoning the site as special
for waste handling and disposal;
- (ii) construct and maintain an access road for transportation of
waste to the site and ensure that the road is safe for use;
- (iii) provide an adequate buffer zone around the site planted with
trees and appropriate vegetation;
- (iv) take the necessary steps to ensure that hazardous waste such
as clinical and chemical waste etc. are not part of the waste
to be subjected to the composting process;
- (v) restrict access to the site by fencing off the site to ensure
that the waste composting and disposal activities at the site
are not interfered with by activities in the surroundings and
vice-versa;

Signed

Executive Director (NEMA)

APPROVAL CONDITIONS FOR THE PROPOSED LAND FILL AND WASTE COMPOSTING PLANT (continued)

- (vi) ensure that any effluent discharges from the waste site conform to the National Environment (Standards for Discharge of the Effluent into Water or on Land) Regulations, 1999.
- (vii) obtain the requisite licences for operation/owning a waste disposal site and transportation of waste to the site under the National Environment (Waste Management) Regulations 1999.
- (viii) ensure that the waste site is used solely for composting and disposal of waste categorised as municipal waste.
- (ix) control rodents, pests and disease vectors at the waste site and the surroundings.
- (x) encourage the separate collection of plastic mineral water bottles, other recyclable plastics and materials in the Town Council for recycling purposes;
- (xi) create community awareness about the waste composting project activities so that there is appreciation of the project and support of the project objectives, activities and outputs;
- (xii) put in place proper and adequate drainage around the site to trap storm water and prevent it from invading the composting process operational area;
- (xiii) ensure that persons working under the direction of Kabale Municipal Council comply with the National Environment Laws and that they manage waste in a manner that does not cause ill health to the persons or damage the environment;
- (xv) implement the Environmental Monitoring Plan contained in the Environmental Impact Statement and ensure record keeping as contained in Section 77 of the National Environment Act Cap 153 and their transmission to the Authority as required by Section 78 of the Act;
- (xvi) undertake annual self-audits and transmit them to NEMA by July 2008;
- (xiv) in accordance with Section 22 (4) of the National Environment Act Cap 153, Kabale Municipal Council will be required to ensure that any other undesirable environmental impacts that may arise due to implementing this project but were not contemplated by the time of undertaking this Environmental Impact Assessment are mitigated.
